Common Core English Language Arts Test

Performance Level Descriptions

GRADE 3

Policy-Level Performance Level Definitions

For each grade, there are students performing along a proficiency continuum with regard to the skills and knowledge necessary to meet the demands of grade-specific Common Core Standards for English Language Arts/Literacy. There are students who are above proficiency, students who are proficient, students who are not quite proficient, and students who are well below proficient at each grade level. New York State assessments are designed to classify students into one of four proficiency categories; these proficiency categories are defined as:

NYS Level 4

Students performing at this level **excel** in standards for their grade. They demonstrate knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for English Language Arts/Literacy that are considered **more than sufficient** for the expectations at this grade.

NYS Level 3

Students performing at this level are **proficient** in standards for their grade. They demonstrate knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for English Language Arts/Literacy that are considered **sufficient** for the expectations at this grade.

NYS Level 2

Students performing at this level are partially proficient in standards for their grade. They demonstrate knowledge, skills, and practices embodied by the New York State P – 12 Common Core Learning Standards for English Language Arts/Literacy that are considered partial but insufficient for the expectations at this grade. Students performing at Level 2 are considered on track to meet current New York high school graduation requirements but are not yet proficient on Common Core Learning Standards at this grade.

NYS Level 1

Students performing at this level are **well below proficient** in standards for their grade. They demonstrate **limited** knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for English Language Arts/Literacy that are considered **insufficient** for the expectations at this grade.

Performance Level Descriptions

GRADE 3

Policy-Level Performance Level Definitions

For each grade, there are students performing along a proficiency continuum with regard to the skills and knowledge necessary to meet the demands of grade-specific Common Core Standards for Mathematics. There are students who are above proficiency, students who are proficient, students who are not quite proficient, and students who are well below proficient at each grade level. New York State assessments are designed to classify students into one of four proficiency categories; these proficiency categories are defined as:

NYS Level 4

Students performing at this level **excel** in standards for their grade. They demonstrate knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for Mathematics that are considered **more than sufficient** for the expectations at this grade.

NYS Level 3

Students performing at this level are **proficient** in standards for their grade. They demonstrate knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for Mathematics that are considered **sufficient** for the expectations at this grade.

NYS Level 2

Students performing at this level are partially proficient in standards for their grade. They demonstrate knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for Mathematics that are considered partial but insufficient for the expectations at this grade. Students performing at Level 2 are considered on track to meet current New York high school graduation requirements but are not yet proficient on Common Core Learning Standards at this grade.

NYS Level 1

Students performing at this level are **well below proficient** in standards for their grade. They demonstrate **limited** knowledge, skills, and practices embodied by the New York State P-12 Common Core Learning Standards for Mathematics that are considered **insufficient** for the expectations at this grade.

NWEA MAP

MAP delivers data when it matters most: when there's still time to make a difference

Measures of Academic Progress® (MAP®) creates a personalized assessment experience by adapting to each student's learning level. You'll have assessment data—and essential information about what each student knows and is ready to learn within 24 hours.

Education is not the
learning of facts,
but the training of
the mind to think.

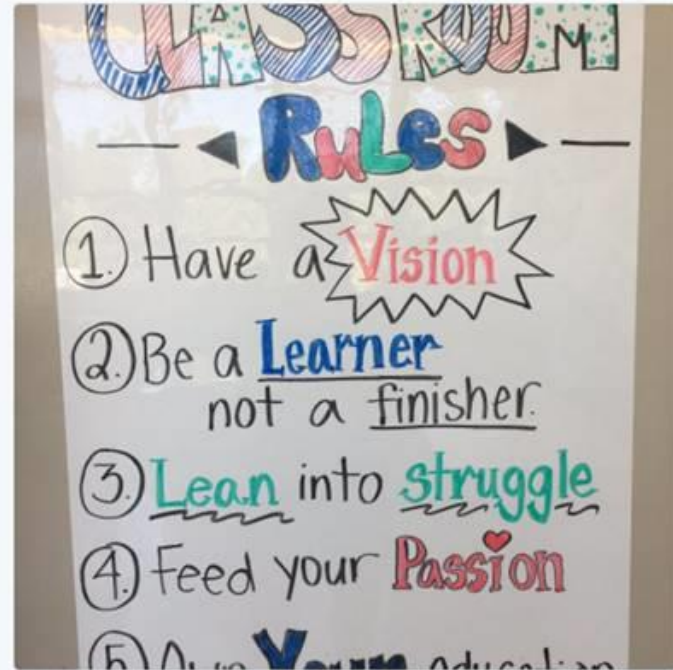

— Albert Einstein

Class Rules are changing!

#Passion, #vision, #ownership + #adversity are life skills-don't let kids expect/accept any less from themselves!

Classroom rules:

1. Have a vision.
2. Be a learner, not a finisher.
3. Lean into struggle.
4. Feed your passion.
5. Own your education.
