4. All information required by Notice to Bidders, General Specifications, Specifications, and Bid Offer, in connection with each item against which a bid is submitted, must be given to constitute a regular bid.

5. The submission of a bid will be construed to mean that the bidder is fully informed as to the extent and character of the supplies, materials, and/or equipment required and a representation that the bidder can furnish the supplies, materials, and/or equipment satisfactorily in complete compliance with the specifications.
6. No alteration, erasure, or addition is to be made in the typewritten or printed matter. Deviations from the specifications must be set forth in space provided in bid for this purpose. Bids should conform to district specifications; changes, additions, deletions, etc. should not be included without the district's permission.

Bidder should conform to the district's specifications to quantity.

If the sample is not in accordance with the requirements of the specification, the school district may reject the bid; or, if award has been made, cancel the contract at the expense of the successful bidder.
3. Samples, when required, must be submitted strictly in accordance with the instructions; otherwise, bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered as directed, for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the bidder desires their return and specifying the address to which they are to be returned provided they have not been used or made useless by testing. Award samples may be held for comparison with deliveries. The school district will not be responsible for any samples destroyed or mutilated by examination or testing. Samples shall be removed by the bidder at his expense. Samples not removed within fifteen (15) days after written notice to the bidder will be regarded as abandoned and the school district shall have the right to dispose of them as its own property.
4. When a specification indicates that an item to be purchased is to be equal to a sample, such sample will be on display at a designated location in the school district. Failure on the part of the bidder to examine sample shall not entitle him to any relief from the conditions imposed in the proposal, specification, etc.

3. The school district reserves the right to make awards within ninety 90 days after the date of the bid opening during which period bids may not be withdrawn unless the bidder distinctly states in his bid that acceptance thereof must be made within a shorter specified time.
4. Where a bidder is requested to submit a bid on individual items and also on a total sum or sums, the right is reserved to award bids on individual items or on total sums whichever is in the best interest of the school district.

Contract shall bind the school district on its part to order from such successful bidder (except in the case of emergency) and to pay for at the contract prices, all items ordered and delivered. The school district reserves the right to authorize immediate purchase from other sources against rejections or default on any contract or item when necessary. On all such purchases the successful bidder agrees to reimburse the school district promptly for excess costs occasioned by such purchase. Additionally the district will award the defaulted item to the next lowest bidder originally bid for current year.

5. Cancellation of the contract for any reason may result in removal of the successful bidder's name from mailing list for future proposals for an indeterminate period.
6. When materials, equipment, or supplies are rejected, they must be removed by the successful bidder from the premises of the school district within ten (10) days of notification. Rejected items left longer than ten (10) days will be regarded as abandoned, and the school district shall have the right to dispose of them as its own property.

MANAGEMENT OF MERCURY-ADDED CONSUMER PRODUCTS IN
NEW YORK STATE

On July 12, 2004, Governor George E. Pataki signed a new law that banned the sale of mercury-added novelty products and mercury-ferver thermometers in New York State and requires new labeling and proper disposal or recycling of mercury-added consumer products. The law also prohibits primary and secondary schools from purchasing or using mercury.

Mercury added products include items such as thermostats, thermometers, switches, medical or scientific instruments, electrical relays, lamps and batteries – excluding button batteries. Disposal of mercury-added products will not be allowed in the normal trash and must be handled by separate delivery to a solid waste management facility, recycling facility, authorized hazardous waste facility or at a municipally sponsored household hazardous waste collection program.

Mercury is a toxic substance that accumulates in the environment. Medical research has shown that exposure to unacceptable levels of mercury can cause neurological damage.

New York State law requires the following:

- Purchase and use of elemental mercury by primary and secondary schools is prohibited after September 4, 2004.
- Sales of mercury thermometers are restricted after January 1, 2005
- Sales of toys or novelty products containing mercury are prohibited after January 1, 2005.
- Sales of elemental mercury, except for specific research, dental and manufacturing uses are limited after January 1, 2005.
- Products containing mercury must be labeled after July 12, 2005.

VENDOR STATEMENT:

I have read the above summary of New York State law governing Mercury Management in schools and attest that no products offered in the following bid contain mercury.

Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law) (the "Prohibited Entities List"). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date at which time it will be posted on the OGS website.

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Bidder/Contractor, any person signing on behalf of any Bidder/Contractor and any assignee or subcontractor and, in the case of a joint bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the OGS website, that to the best of its knowledge and belief, that each Bidder/Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to SFL § 165a(3)(b).

Additionally, Bidder/Contractor is advised that once the Prohibited Entities List is posted on the OGS website, any Bidder/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the School District receive information that a Bidder/Contractor is in violation of the above-referenced certification, the School District will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the School District shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Bidder/Contractor in default.

The School District reserves the right to reject any bid or request for assignment for a Bidder/Contractor that appears on the Prohibited Entities List prior to the award of a contract and to pursue a responsibility review with respect to any Bidder/Contractor that is awarded a contract and subsequently appears on the Prohibited Entities List.

I, _____, being duly sworn, depose and say that I am the
