Dear Parents:

Due to the recent developments with the spread of the Covid-19 virus, which continue to change with each day, there is a possibility in the near future that one or more of our schools, or the District, may need to close for an extended period of time. At this time, our schools are open and will remain open until you are notified otherwise. However, we need to be prepared. We have therefore, put together plans to maintain our connection with our families and children during a closure, should it have to happen.

To be proactive, the South Side Middle School faculty have been collaborating to create remote learning opportunities through google classroom that your child can complete independently at home. The teachers will provide feedback on the student work and will be available online to respond to student questions. Please reinforce with your children the importance of completing the assigned work.

Please reach out if you have any questions. We thank you in advance for your continued cooperation and support.
