In addition, students will complete no fewer than 6 hours of actual behind-the-wheel driving and 18 hours of observation with a certified driving instructor. Students who complete the program with a passing grade of 65 in each category will receive the Certificate of Completion (MV-285) This will provide the opportunity of a senior driver's license (Class 5) at age 17, and an insurance reduction according to the policies of your insurance carrier.

ABSENCES/MAKEUPS: The New York State Education Department Guidelines for Driver and Traffic Safety Education require a minimum of 24 clock hours of classroom instruction (lecture) and 24 clock hours of laboratory (in-car) instruction. If a class is missed, the session must be made up on a different date, and the student is responsible to communicate with the instructor to do so.
